Your Honor:

I am not used to addressing a court. But I have gotten to the point where I have to do something. I cannot afford a lawyer, so I am filing this myself.

When I learned that the Trustee and his lawyers had run up \$19 million in bills, which are coming out of our pockets, I said this has to end.

I gave Slatkin the proceeds of a life insurance policy I had paid into for 25 years. I was fooled by his "reputation", and like so many others, I was defrauded. When I found that was gone, it was a serious blow.

This Trustee and these lawyers are supposed to represent me and my interests. That is what I understand. If that is wrong, judge, please correct me.

All I know is that it is wrong that more money has gone to lawyers than it has to us creditors. I also heard that the Trustee is getting 80% settlements from the gainers, but only plans to pay 20% to us creditors. It is clear to me where the other 60% is going to go. But this can't be right.

I know of a 73 year old woman who has been sued by the Trustee for less than \$30,000. She is on a fixed income, with no assets. She has been attempting to settle for a year, yet the Trustee has insisted on getting 80% from her. It truly sickens me that this is what we are spending \$19 million for.

Can't you stop this?
